FINE BANNER

Is Purchased for the Clarksburg Lodge of Elks by Charles L. Hickman.

Charles L. Hickman, chairman of a committee appointed to buy an Elks' banner for the Clarksburg lodge, has received a beautiful banner from the Henderson-Ames Company, of Kalamazoo, Mich., at a cost of \$150.00.

The banner is a duplication of the Elks' prize banner at Battle Creek, Mich. The best quality of imported silk is used in the body of the banner from the Henderson-Ames Company, and it is trimmed with extra fine heavy gold imported fringe and tassels, and around the edge with purple satin tufting.

The curtain of the banner is embroidered in extra heavy bold bullion letters, that is the name and number of the lodge, and also with a fancy design of embroidery as well as with extra fine imported lace and fringe. The body of the banner is painted in extra fine genuine oil colors and there are many other features about it, which makes it most attractive.

It will be used the first time in the parade at the state convention at Parkersburg next Thursday forenoon.

ATTEMPT TO BLOW

Up the Coronation Chair in Westminster Abbey by British Militant Suffragets.

LONDON, June 12.—An attempt to blow up the coronation chair, which has been in Westminster Abbey since 1296 has been made. The outrage is attributed by the authorities to militant suffragets. The chair, generally called St. Edward's chair, out of respect to Edward the Confessor, near whose shrine it stands, was made by order of King Edward I. to hold the coronation stone of stone of destiny on which the ancient Scottish kings used to sit when they were crowned. The damage caused to the chair by today's explosion was slight. The explosive had been placed beneath it but its effects seemed not to reach the chair itself, which is of solid oak. The famous old stone, however, was badly chipped.

Lung Trouble Yielded to This Medicine

If you are suffering with Lung Trouble, or if you know of some unfortunate person afflicted, would you like the trouble of fully investigating a medicine which has brought about complete recovery in a number of very serious cases? To Eckman's Alternative, a remedy for Throat and Lung Trouble, has been given the fullest credit of restoring health. In a large number of cases. Read this: "Gentlemen: In the winter of 1903 I had an attack of Grippe, followed by Pneumonia, and later by Lung Trouble. In the winter of 1904 I had cough, night sweats, fever and raised quantities of awful-looking stuff and later I had many hemorrhages; at one time three in one successive days. Milk and eggs became so distasteful I could keep nothing down. Three physicians treated me. I was ordered to the mountains, but did not go. Eckman's Alternative was recommended by a friend. After taking a small quantity I had the first quiet night's sleep for weeks. My improvement was marked from the first. I gained strength and weight and appetite. I never had another hemorrhage and my cough gradually lessened, until entirely gone. I am perfectly well."

(Above abbreviated; more on request.) Eckman's Alternative has been proven by many years' test to be more efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Straborn Colds, and in unbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa. for evidence. For sale by all leading druggists.

PROBE

Is Begun into Charge That Questions for School Teachers in State Were Sold.

(BY ASSOCIATED PRESS)
CHARLESTON, June 12.—M. P. Shawkey, state superintendent of public schools, has begun an investigation into the charge that questions used in eighty-five towns of West Virginia during the uniform examination of school teachers had been sold to applicants for certificates to teach. A number of men and women have already been arrested and today three women were summoned before the Kanawha county grand jury. The investigation will include the state printing plant, where it is stated the lists of questions were printed. Under the school code possession of questions before the examination is punishable by a severe penalty.

CLIMBING ROSES ARE VALUABLE

In the Beautifying of Grounds and Screen Porches, Says Federal Department.

WASHINGTON, June 11.—Climbing roses are a valuable aid to the man who is interested in having his home in attractive surroundings. With a fine lawn, artistically massed shrubbery, and a wealth of vines climbing over the porch and roof, many a plain and unpretentious house has been transformed into a most attractive dwelling place. The United States Department of Agriculture has a rose garden on its grounds and many experiments have been made in the treatment of the various kinds to secure the best result.

Prune Shoots. After the blooming season of climbing roses is over in June, the department's landscape gardener advises that shoots should be pruned so as to throw the growth of the plant into the new wood that bore no flowers this year, for this is the part of the plant that will bear next year. When a trellis is low, 6 or 8 feet high, it is a good plan to cut off the shoots that have borne flowers this year clear to the ground. Most people in following this advice may feel that they are ruining their bushes to cut them back so severely, but the young shoots that have started about the roots will

DEADLOCK

In Efforts to Settle the Kanawha Coal Miners' Strike Still Continues.

(BY ASSOCIATED PRESS)

WASHINGTON, D. C., June 12.—A continued deadlock has forced a suspension of joint sessions of federal conciliators attempting to compromise the strike of 10,000 coal miners in the Kanawha district of West Virginia. The conciliators, confronted by a flat refusal of the operators to accede to the strikers' representatives' demand for a "checkoff" of union dues from the wages of union miners by the mining companies decided to meet separately with the contending delegations.

After four days of joint session the conciliators, A. L. Faulkner, Charles W. Mills and Patrick Givday decided that the discussion was making little progress. The joint session was adjourned and meetings between the conciliators and union representatives and between conciliators and the operators' officials were arranged. Mr. Faulkner said that the commissioners expected the separate sessions to furnish a basis of compromise.
